PROFESSIONAL OBJECTIVE

Detail-oriented Master of Computer Applications (MCA) student seeking to leverage strong foundational knowledge and practical skills in Data Science. Proficient in Python, SQL, exploratory data analysis (EDA), and machine learning workflows, with demonstrated experience in building predictive models and deriving actionable data-driven insights.

TECHNICAL SKILLS

Languages:	Python, SQL, C++, C
Machine Learning & AI:	Logistic Regression, Random Forest, SVM, Decision Tree, CatBoost, Feature Engineering, Data Preprocessing, EDA, Model Evaluation (Accuracy, F1-score, ROC-AUC)
Data Science Libraries:	Pandas, NumPy, Scikit-learn, Matplotlib, Seaborn
NLP:	TF-IDF, Bag of Words (BoW), Text Classification
Web & Frameworks:	HTML, CSS, Next.js, REST APIs, PHP, Streamlit
Developer Tools:	Git, GitHub, Power BI, SQL Server, Google Colab, Kali Linux, phpMyAdmin

PROJECTS

Spear Phishing Email Detection Using Machine Learning **2025**

Academic Project

- Developed an end-to-end machine learning system to classify and detect spear-phishing emails using advanced text classification techniques.
- Implemented and compared baseline models including Logistic Regression, Random Forest, SVM, and Decision Tree to optimize accuracy.
- Evaluated performance using key metrics, achieving 95% classification accuracy alongside strong F1-score and ROC-AUC performance.

Technologies Used: Python, NLP, Scikit-learn, Pandas, NumPy, Matplotlib

Student Mental Health Well-Being Early Detection System **2026**

Academic Project

- Designed a predictive machine learning model to analyze and identify early indicators of student mental health status.
- Applied data preprocessing, feature selection, and model training using Logistic Regression, Random Forest, and CatBoost algorithms.
- Achieved an overall accuracy of 86% and evaluated model efficiency using F1-score and ROC-AUC metrics.

Technologies Used: Python, Scikit-learn, Pandas, NumPy, Matplotlib

EDUCATION

Vidyasagar University **2025 – 2027**

Master of Computer Applications (MCA) — Currently Pursuing

Vidyasagar University **2022 – 2025**

Bachelor of Computer Applications (BCA) — CGPA: 7.25 / 10.0

WBCHSE **2020 – 2022**

Higher Secondary Examination (Science) — Percentage: 92.00%

CERTIFICATIONS

- **Certified Data Analytics Job Simulation** – Deloitte
- **Certified Python Basics** – University of Michigan (Coursera)
- **Certified Supervised Machine Learning** – Stanford Online (Coursera)

LANGUAGES

Bengali: Native | **English:** Professional Working Proficiency | **Hindi:** Proficient
